## Explanation of Terms

**Business Distribution Credit** - Applied during the winter billing period for non-residential electric heat and/or water heating customers on a qualifying rate.

**Bypassable Generation and Transmission Related Component** - Charges for purchasing power and delivering it through the transmission system. These charges are avoided when switching to a Certified Retail Electric Service provider.

**Cost Recovery Charges** - Recovers previously incurred costs, including PUCO-approved Phase-In Recovery Charges OE collects from all customers on behalf of OE Funding, LLC which owns the right to impose and collect such charges.

**Customer Charge** - Monthly charge that offsets costs for billing, meter reading, equipment, and service line maintenance.

**Distribution Related Component** - Charge for moving electricity over distribution lines to a service location.

**Economic Development Component** - Charges related to economic development support.

**Estimated Reading** - On the months we do not read a meter, we calculate the bill based on past electrical usage.

**Kilowatt (KW)** - 1,000 watts of electricity.

**Kilovolt Amperes (KVA)** - Volts times amperes divided by 1,000. Actual measured power used for circuit sizing.

**Kilovolt-Amperes Reactive or kilovar (KVAR)** - The portion of electricity that establishes and sustains the electric and magnetic fields of ac equipment. It is used to control voltage on the transmission network.

**KWH (Kilowatt Hour)** - A unit of measure for electricity usage equal to 1,000 watts used for one hour.

**Late Payment Charge** - A charge added to the bill on balances owed after the Due Date.

**School Distribution Credit** - A distribution credit that replaces the former Energy for Education II Program.

## Explanation of Terms

**Business Distribution Credit** - Applied during the winter billing period for non-residential electric heat and/or water heating customers on a qualifying rate.

**Bypassable Generation and Transmission Related Component** - Charges for purchasing power and delivering it through the transmission system. These charges are avoided when switching to a Certified Retail Electric Service provider.

**Cost Recovery Charges** - Recovers previously incurred costs, including PUCO-approved Phase-In Recovery Charges OE collects from all customers on behalf of OE Funding, LLC which owns the right to impose and collect such charges.

**Customer Charge** - Monthly charge that offsets costs for billing, meter reading, equipment, and service line maintenance.

**Distribution Related Component** - Charge for moving electricity over distribution lines to a service location.

**Economic Development Component** - Charges related to economic development support.

**Estimated Reading** - On the months we do not read a meter, we calculate the bill based on past electrical usage.

**Kilowatt (KW)** - 1,000 watts of electricity.

**Kilovolt Amperes (KVA)** - Volts times amperes divided by 1,000. Actual measured power used for circuit sizing.

**Kilovolt-Amperes Reactive or kilovar (KVAR)** - The portion of electricity that establishes and sustains the electric and magnetic fields of ac equipment. It is used to control voltage on the transmission network.

**KWH (Kilowatt Hour)** - A unit of measure for electricity usage equal to 1,000 watts used for one hour.

**Late Payment Charge** - A charge added to the bill on balances owed after the Due Date.

**School Distribution Credit** - A distribution credit that replaces the former Energy for Education II Program.

## Explanation of Terms

**Business Distribution Credit** - Applied during the winter billing period for non-residential electric heat and/or water heating customers on a qualifying rate.

**Bypassable Generation and Transmission Related Component** - Charges for purchasing power and delivering it through the transmission system. These charges are avoided when switching to a Certified Retail Electric Service provider.

**Cost Recovery Charges** - Recovers previously incurred costs, including PUCO-approved Phase-In Recovery Charges OE collects from all customers on behalf of OE Funding, LLC which owns the right to impose and collect such charges.

**Customer Charge** - Monthly charge that offsets costs for billing, meter reading, equipment, and service line maintenance.

**Distribution Related Component** - Charge for moving electricity over distribution lines to a service location.

**Economic Development Component** - Charges related to economic development support.

**Estimated Reading** - On the months we do not read a meter, we calculate the bill based on past electrical usage.

**Kilowatt (KW)** - 1,000 watts of electricity.

**Kilovolt Amperes (KVA)** - Volts times amperes divided by 1,000. Actual measured power used for circuit sizing.

**Kilovolt-Amperes Reactive or kilovar (KVAR)** - The portion of electricity that establishes and sustains the electric and magnetic fields of ac equipment. It is used to control voltage on the transmission network.

**KWH (Kilowatt Hour)** - A unit of measure for electricity usage equal to 1,000 watts used for one hour.

**Late Payment Charge** - A charge added to the bill on balances owed after the Due Date.

**School Distribution Credit** - A distribution credit that replaces the former Energy for Education II Program.
